Violin Practice 10/26/2022

Notes:

[12:32](#) - The bow was improperly angled, causing a horrible grating noise instead of the C \flat it was supposed to be

[8:46](#) - The tempo of the song is supposed to be 6/4 time signature, but the verse was played too fast. Need to slow it down and focus on hitting all the notes correctly

[4:22](#) - This part is really well done. All the notes were hit exactly when they were supposed to be, keep this up!

[2:46](#) - This part of the song is supposed to be harsh and startling. Put more emphasis on the staccato
